Celluware Vases and Jardinieres

Are new plastic fibroid containers for use wherever plants or cut flowers are displayed.

Vases for Cut Flowers. Artistic and convenient; For any display purpose we recommend Celluware vases. Light in weight, yet durable and sturdy, with a broad base to prevent tipping. Celluware vases cannot rust as do metal containers, nor "sweat" and mar furniture as do glass and china vases, and they can be dropped with no fear of breaking. Celluware vases keep flowers fresh longer, which makes them particularly valuable wherever cut flowers are used. They are so inexpensive that the florist may include one with every cut flower order.

sive that the florist may include one with every cut flower order.

Jardinieres for Potted Plants. The inexpensive Celluware Jardiniere saves the time and labor usually spent in trimming pots with decorative papers, etc., and it eliminates for the florist's customers the necessity of providing a protective mat or receptacle for water. Light in weight, easy to handle, of lasting decorative value, the Celluware Jardiniere offers a clean, compact, finished delivery service for potted plants, which repays itself many times its trifling cost in the satisfaction and good will it creates.

A SILENT SALESMAN, IRRESISTIBLE

Garden Seed Sales Will Boom Next Spring

Order a Commission Box of Vaughan's Seeds and Share in This Business

ALL signs indicate that the spring of 1931 will see a boom in the garden seed sales surpassing anything since the war garden years. The reason is that vegetable gardens are coming back. Commission box sales last spring showed an increase. Thousands of families will make gardens next spring from motives of economy. Hundreds of them live in your neighborhood.

Florists are the natural sources of advice and counsel to gardeners, and they are the logical dealers in seeds for the use of which they can give correct instructions.

Sales of seeds by florists who have our commission boxes average higher than those of any other class of dealers; and we predict that this lead will increase, as more people come to think of florists as the natural source of good seeds.

You Can Have Our Beautiful Seed Display; No Expense, No Investment And a Good Profit

Vaughan's Seed Store's patented poster rack is made of heavy mat board, of negligible weight, exactly like the advertising cut-outs which you use in window and counter displays. It is faced with brilliant colored designs as illustrated, the work of high class artists, printed in colors on enamel paper, and varnished. The colored flower and vegetable packets are inserted in pockets, so arranged that half of the packet is visible, directly in the line of vision as the light rack stands on the counter. No garden lover can resist the temptation to pick the packets from the rack; and once in her hand, the sale is easy.

New Racks, New Seeds, and a New Sales Appeal

These beautiful racks with their brilliantly colored packets are bright, fresh and clean each season. And racks and packets unite in selling the real merchandise of the seedsman, which is not seeds at all, but the things seeds grow into. The glorious colors and imaginative designs of this display sell the garden and its bounty; they visualize the dreams that bring seed customers into your store; they have a sales appeal that cannot fail.

This seed display is yours without investment and without expense. It comes by parcel post, as its weight is negligible. Only the unsold packets are returned to us, for credit to your account; the racks are destroyed, to be replaced with new ones the next season. You get 40% commission on the packets you sell.

Reserve Your Assortment for 1931

Our output for 1931 will be limited and orders are being taken rapidly. Send in a contract now to insure an assortment. Fill out this contract form and mail today.
